

Dear Member,

As suggested at the AGM, most of you get a lot of email that you don't have time to read but you would appreciate an occasional update from the NCCC. We will therefore start to send out such an email on a bi-monthly basis. Please let us know what you think; not just on the content but also the format and frequency.

Have Your Say

The NCCC would like to hear more from you. Each edition of this newsletter, we will ask your opinion about a certain topic. This time, it is about our logo. In order to make it clearer when shrunk, an update of the NCCC logo is required for use in social media and various other platforms. The colour will also be changed to reflect the correct 'red' from the Canadian flag. A number of options have been proposed and we want your opinion. Please vote for your favourite using [this link](#).

Members

The NCCC currently seeks to recruit new Board members who will reflect the composition of the Chamber and the needs and aspirations of its current and future members. In particular, the

organization would like to attract senior Board candidates with experience in finance, strategy and visioning. Above all, Board members should display the drive and enthusiasm to contribute to the Chamber with demonstrated commitment through participation in events; whether as a Board member or a volunteer.

The Board meets two-four times per year as needed. One meeting is face-to-face. The rest are via conference call. To express your interest in joining the Board of NCCC please contact [John van Pol](#), Board Chair.

Website

We are working on ongoing improvements to our website: www.nccc.trade. We have added new functionality that allows us to have more interaction with you, our valued members, as well as our stakeholders. You can update your profile and make other changes directly. If you need help logging in, please let us know. For those of you who attended the AGM, you can also find pictures from the Air Canada visit.

Directory

One of the new features is a member directory (www.nccc.trade/directory) in which we list all our members. This is only open to other members to see. Please let us know if you have any objection to your organization being listed. Should this be the case, we will of course refrain from publicizing your details.

Furthermore, there is the possibility to make additional information available to the public and the Canadian Embassy in a sort of 'Suppliers Directory'. This would include information such as your web address, a short organization description, service offered and contact details. If you would like to make use of this option, please send us the information you would like to share with the public and we will adjust your profile accordingly.

Articles of Incorporation

Since many of our members have a limited knowledge of the Dutch language, we have made an official translation of the Articles from Dutch to English. You will find it on the website or you can download it [here](#).

Last but not least, please add the extension of this email address to your list of 'safe senders' to make sure you will receive future email correspondence that is sent through our website.

Thank you for supporting the Netherlands-Canada Chamber of Commerce and we look forward to meeting you at one of our upcoming events.

Kind regards,

John van Pol
Chairman of the Board
