

Dear relation,

Enterprise Europe Network Netherlands invites you to the international [Matchmaking](#) during the event [Limburg Unlimited](#). The Matchmaking targets a wide spectrum of companies, visitors and delegates from all over the world, interested in sharing new projects ideas, collaboration partners and business opportunities related to the Limburg region.

A number of reasons why not to miss the Matchmaking:

- The possibility to discuss your ideas and/or business proposition in more detail during bilateral face-to-face meetings of half an hour. Your prepared meetings deliver you much more than only the exchange of business cards.
- The presence of key players of the Limburg Enterprise networks.
- The presence of a big number of international delegations and embassies.
- The presence of participants of the simultaneously organized international conference Foreign Direct Investment.
- Meet many potential project or business partners in a short time.
- The further development of your national and international network.
- The exhibition, conference program and the meet & match meetings during Limburg Unlimited make it the ideal venue for tailored networking.

Limburg Unlimited is an exclusive opportunity to engage with relevant experts, partners or entrepreneurs from the Limburg business networks. The event focuses on the themes entrepreneurship, innovation, internationalization and working & learning. There are four squares that each connect to one of these themes. Come and meet high level business contacts, network face-to-face and build invaluable partnerships.

The Matchmaking takes place on Wednesday 28 March from 14.00 – 15.00 and 16.00- 18.00 hours and Thursday 29 March 2018 from 11:00 – 13:00 and 14:00 – 16:00 hours, at the MECC in Maastricht. For further information visit the [Matchmaking website](#).

I hope to receive your profile on the website soon and to meet you in Maastricht!

Kind regards,

René de Groot,
Netherlands Chamber of Commerce
